

Member Circular 078/ 2010

Date: 18th May 2010

Attn: General Manager / Operations Manager

Dear Members,

RE : ISPM REQUIREMENT BY CONSOLIDATORS

With the implementation of ISPM No. 15 (Fumigation Requirement) through out Malaysia and East Malaysia effective on **1st of July 2010**, we would like to inform our members to advise their respective shippers or their customers to fumigate their cargo and provide the fumigation cert to the master consolidators. In the event if shippers need consolidators to fumigate on their behalf, either they specifically appoint their own fumigators or instruct the consolidators to act on their behalf.

All the consolidators to East Malaysia have agreed to abide by the ruling and hope that our members will inform their shippers and customers accordingly.

Thanks and regards,

Henry Tan
Head of Maritime

cc. All Committee

Best Regards,

Cindy Tan
