Secretary

NORTHPORT

Dear Sir,

OGA INSPECTIONS

Reference to the above and our discussion at Northport on 5/7/2010 – 1430 hrs.

After further deliberation with our Security (Keselamatan) department, please be advised it was decided such information cannot be revealed due to security reasons as we note there are also valuable goods but declared as GENERAL.

We hope with the HS code implementation, all commodities can be accurately declared and the stack position of the non high valuable cargo can be open to all for viewing.

Also, please be informed effective from 1st July 2010, MAQIS had agreed and will conduct OGA inspection three times a day (FCL Import Containers) in Northport as follows:-

1. 0800 hrs – 1030 hrs
2. 1130 hrs – 1230 hrs
3. 1500 hrs – 1700 hrs

Thank you for your understanding.

Yours sincerely,
NORTHPORT (MALAYSIA) BHD.

Norzalinda Mohamed
Assistant General Manager
Container Services
